BID QUESTION LOG #1

The following questions and answers are distributed for supplemental information and clarification, and are not part of the Contract Documents. Questions answered by Addendum items are not necessarily repeated in this document.

- Q1. Project award is stated to be within 30 days of the bid. Is this calendar days or business days? Trying to determine and approximate schedule duration
- A. Refer to General Conditions A201-8.1.4, which defines “day” as calendar day unless specifically indicated.
- Q2. Is the project required to be prevailing wage?
- A. No.
- Q3. What is the current drive thru window size and the size of the new night depository? Would like to get a better idea of what masonry patching is going to be required for this. An allowance for this masonry work could be provided is desired.
- A. Existing dimensions may be field measured. Coordinate requirements for new equipment with Owner.
- Q4. Was a hazardous material survey completed and a report available? Is the sub ceiling above the current ACT suspected to be asbestos? Is the VCT and adhesive suspected to be asbestos?
- A. No hazardous materials are known to be present.
- Q5. Is GPRS required before trench cutting can occur?
- A. GPRS may be utilized at Contractor’s option.
- Q6. Is the State Bank signage behind the teller desk owner provided, contractor installed?
- A. Refer to Section 01 1000 – 2.01.A.
- Q7. Equipment that is provided by the owner, eg. Banking equipment, appliances, etc. to be installed by the general contractor?
- A. Refer to Section 01 1000 – 2.01.A.

Q8. On the mechanical print, shown on the demo section, it shows an exhaust grill in the bathroom. Then on the install section it calls out XEF-1 and shows a wall louver. Is this existing one to remain or is the engineer wanting a new exhaust fan and a wall louver added. If yes, is there a spec on the fan. We cannot find one.

A. This is existing to remain.
